## ARMY CORRESPONDENCE

CAMP MARION, TENNALLTOWN, D. C., ) June 1st, 1862.

DEAR J. URNAL :- Knowing that a large number of the citiz no of Southern Indiana had enlisted in the 63d regiment, I have concluded that a letter, stating its condition, would be welcomed by their friends. When we were at Indianapolis we were grumbling over the slow and irksom duties of guarding secesh and the little prospect of a change.

You may imagine the surprise and joy of our boys when the news came that we were ordered to Washington City. It was about half past eight o'clock A. M., the usual hour for drill, when the orders came. The squad was dismissed and every man saw a full day's work before him to get ready by nine o'clock P. M. for the long and tedious journey. We left the camp clear of everything that in proportion. Every article is insured to be of the len quality.

R member the place on Main street, opposite the Court II use. until about two o'clock the next morning before transportation was provided. "The long locked for came at last," and we were for the first time ou our way to the " seat of war." Tuesday morning at sunrise, we found ourselves at Muncie, Indiana, but were soon careeing our way along the green

fields and verdent pastures of Ohio.

Indeed, we appeared to be in the paradise of the West, so beautiful were the far-stretching and well-thied farms, that would irresistibly catch the eye. Added to the charms of spring, were the loyal manifesta-tions of the inhabitants. The ploughman ceased his toils, to move his well worn hat, in token of his appreciation. The maiden forsook her toilet, to come forward and appland the sturdy patriots who had left all the endearments of home for the tented NELSON & CO. WOULD IN field. The aged tottered forth with wel-\*\*RELISON & CO. WOULD IN \*\*

TOES received on consignment and for SHAPE & CO. fresh milk, for our empty somachs and parched lips Indeed, our new haversacks were not slighted in the distribution. At a quarter of one we were at Crestline, and at eight arrived in Pittsburg, where we were immediately conducted to the City Hall, and there, spread before us by the warm-hearted ladies, was one of the best kind of suppers, which we devoured in double-quick time, and then gave three cheers. We started again on the double track Pittsburg and Harrisburg railroad, for the east side of the Alleghanies Being accommodated with sleeping cars, we were not long in appropriating them for that purpose

Wednesday morning we found ourselves at Cameo, on the west side of the mountains, through which we passed, enjoying nature in all her beauty and grandeur. Antoni breakfast was prepared for us, but we did not stop to partake. We passed through Marysville, Little York, on to Baltimore, where we arrived about seven in

the evening. Our officers, judging the future by the past, had given orders to issue to each man forty rounds of cartridges. On being drawn up in line after debarking we were, for the first time, in view of an attack, ordered to load at will and fix bayonets. But such precaution proved to be entirely unnecessary, for instead of being pelted with stones, we were profusely pelted with bouquets, and our color bearer was presented with a nice wreath by the ladies. The starry banner was displayed from almost every

After marching through the city we were Of every description, Leghorn, Panama, Straw, and Palm Less Hats for Men and Boys, all the where a good meal awaits every passing regiment. This institution is carried on and supported by the loyal citizens, and more meals. They have large rooms and can accommodate as many with sleeping rooms on the floors. About an hour after we arrived, the eighty-seventh Pennsylea-

nia came in and were provided for. next morning before we left, a Rhode Is-land regiment come in, having been raised in the remarkable short period of four days and was at Baltimore on the sixth. Our barta ion left the latter place about

Il o'clock P. M, and arrived in Washington at 2 P. M. We were quartered in the Soldiers' Rest until Friday, when we were orordered to Tennallytown, D C., five miles from the city, where we now re. Yesterday morning we were fixing for a long stay, when Gen. Storgis (under whose command we now are) sent us orders to march for Harper's F rry, he having been ordered to send four companies of the best infantry he had. We received it as a marked compliment to the Hoosier boys .-The Eastern troops here say we can fight well without being drilled, as the business comes natural. However, in less than one half hour we were filing out of our camp, having left a few to pack up. Our prompt ness was the crowning point to the General, who comp insented us highly. The orders were countermanded as we came to Georgetown, and we are back again in our tents at the above camp, named in honor of the ladies of Marion, Ohio. Indiana boys are getting to be great favorites with the General, and if we are made a body guard, our friends may be sure we will not tarnish the fair page of Indiana's war bistory.

a regiment of Arkansers desirous of being ceptance. In accordance with the information Mr. Phelps waited on the President, on Friday night, conveyed to him the offer he had received, and it was promptly accepted by the President.

We also learn that a regiment of volunteer citizens resident in the southwestern part of Missouri bas been tendered to the Government, and that the necessary ininstructions have been given through the Governor of the State. This regiment will probably be accepted.

Information has been received from the line of march of General Curtis from Salem, Fulton county, Arkansas, to Batesville, stating that Gen. Curtis's quarters were crowded with citizens of the State of Arkansas coming forward to take the oath of allegiance to the Government of the United therity, as beyond doubt, that a large maof the citizens of Arkanses, north of the Arkansas river, are loyal to the Union, and only require the protection of the Goverment to manifest their loyalty, and not only by word but in taking up arms to fight against the enemies of the Union.

THE HUNGARIANS - It is stated as a curious but autentic fact that no instance is on record of a Hungarian who has favored the Southern reballion. Provided Revocation and Special Science of the Southern reballion. Southern tebellion. Pro-ably every other respectable nationality is represented in the sw +t potato plants, on hard and to arrive, and for rebel ranks to-day. But Hungarians are the lovers of liberty the world over, and all who fight are found on the right side in our revolution. A correspondent of the New | at H. A. Cook's. York Times says:

" When Gen. Fremont was at the W st his most secret dispatches to the President were sent in Magyar, which was as good as a cipher, since no traitor knows the tongue." What a proud compliment to the native tongue of Kossuth-" No traitor knows the tongue!"

A Modest Critic -Gen. Sigel, in a short | ed at H. A. Cock's. speech at Chicago on the 24th ultimo, in response to a serenade, made the following modest reference to Gen. Grant and Gen.

"I would like to be before the intrenchments of Beauregard at Corinth But I must obey the orders of my superiors. I have no command. I believe the Federal army will beat back the enemy at Corinth. They best the enemy back on the 6th aud They beat the enemy back on the 6th and
7th of April, almost without officers, and if
they conquered them then, without officers,
they will certainly do it now with officers
trained to their duty."
